

ROTATING MIXER

Numerous applications :
Salads (rice-vegetables-fruits) – Cocktail mixes (seeds-nuts) – Chemical products etc.

///Characteristics//////////

- Entirely in stainless steel 304 L or 316 L
- Mixer bars (detachable) mounted inside the tank
- Speed variator to optimize rotation speed
- Timer with automatic reset to control the length of operation
- Control panel with switch and emergency stop
- Controls under 24 Volts

Models	Work capacities	Total capacities	Diameter
MR0	50	150	500
MR1	80	220	700
MR2	180	535	800
MR3	250	750	950
MR4	300	900	1000

///Options//////////

- Motorized tilting
- Lid
- Off-center for modification of inlet and outlet levels
